

Annual Report Summary 2020 - 2021

Who are we, and what do we do?

NHS Norfolk and Waveney Clinical Commissioning Group (CCG) is a commissioning organisation

That means that we plan and buy healthcare services for people who live in Norfolk and Waveney

The Government gives us money to do this

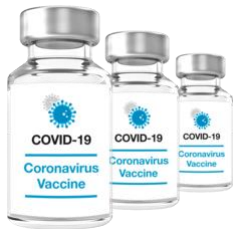

The CCG is chaired by Dr Anoop Dhesi

The Accountable Officer is Melanie Craig

What does our Annual Report tell us this year?

In the past year we have been very busy helping to organise local health services during the Covid-19 (Coronavirus) pandemic

We have also been very busy organising the vaccination programme

Because hospitals and GPs were so busy during the pandemic there are now long waiting lists for hospital appointments

We have supported improvements to the mental health service and hospital services

What are we going to do next?

in good health
The Norfolk and Waveney Health and Care Partnership

Next year, the CCG, the hospitals in Norfolk and Waveney, the Mental Health Trust and social care will join together to form an Integrated Care System (ICS)

This means that everyone who looks after your health and care will be working together more closely

It will be called the Norfolk and Waveney Health and Care Partnership

What does this new partnership want to do?

 	<p>We want to help people to live healthy lives</p>
 	<p>We want to make sure people only have to tell one health worker about their problems</p>
 	<p>We want to look after people who work in health and care so they are happy in their jobs and are able to give good care to their patients</p>

How did we spend our money this year?

	<p>Hospital, community and mental health care cost a lot more than usual</p>
	<p>We spent more money than usual on Continuing Healthcare, Primary Care (GP services) and Prescribing, and a lot of extra money because of the coronavirus pandemic</p>
	<p>But at the end of the year we still had a small amount of money left over</p>
