

Tracy Williams is an Advanced Nurse Practitioner with 25 years' experience working in Primary Care. She has a past clinical career in Nursing, Midwifery, Sick Children's Nursing and Advanced Clinical Practice. Tracy has led clinical commissioning in prevention and health inequalities as an elected Governing Body member for Norwich CCG since 2012, being the Clinical Chair for 5 years 2015 to 2020, the only nurse in such a position nationally.

In 2020, Tracy became an elected clinical Executive Board member of NHS Norfolk and Waveney CCG leading on Health Inequalities and Children Young People and Maternity. She is now a clinical Place based advisor for the NHS Norfolk and Waveney ICB and Chairs the Norwich Place Board, as well as being the ICB's Clinical Lead for Health Inequality and Inclusion Health.

Tracy currently leads a strategic inclusion health all system ICS group in Norfolk and Waveney, and has been the clinical lead in setting up a Wellness on Wheels bus in collaboration with partners, as a roving model following on from covid vaccination inequalities work. She is Queens Nurse conferred for and in recognition of commitment to maintaining high standards of patient care and continually improving care quality and achieved an outstanding service award in 2014.
