

*‘Thinking Differently Together’ about...*

## The Essential Role of the Voluntary, Community, Faith and Social Enterprise Sector in Health and Care

**Wednesday 22<sup>nd</sup> February 2023 – 3.00pm - 5.00pm – Microsoft Teams**

The Voluntary Community Faith and Social Enterprise (VCFSE) sector are key partners in both the Suffolk and North East Essex and Norfolk and Waveney Integrated Care Systems. The sector has a vital role in improving the health and care outcomes working closely with local populations on a daily basis. As such they are able to share invaluable insight to support systems to identify the assets, needs and aspirations of service users and carers and have specialist expertise that is well placed to support those with complex and multiple needs within our communities and often focus on early action, preventative services and wider social value. This event will be an opportunity to explore and share the journey of the VCFSE sector as partners in both the Norfolk and Waveney and Suffolk and North East Essex Integrated Care Systems.
